Name _____ Tel; _____

Mob; _____

Dear sir,

I/We require email; _____

Greeline 2th Rams available early January 2012 _____

Ram lambs _____ Greeline ram lambs

_____ Texel ram lambs; _____ ½Texel ½Coopworth ram lambs

_____ Wiltshire & ¾ Wiltshire: _____ ½ Wiltshire ½ Greeline

Ram lambs available in early March 2012

Ram lambs have been purchased for a number of years by clients who have expressed satisfaction. Provided they are removed from the ewes, and are wintered in a separate mob, they grow out to full mature size. A very good selection is available in each category.

I/we will expect a phone call from you to arrange a suitable date for selection.

I/we will be unavailable for the following dates in January

Yours sincerely,

Please indicate from which price category you wish to select: Only Greeline and ½ Texel ½ Coopworth 2th rams are available at \$1100.

Rams are priced according to their index ranking for production on SIL. (sheep improvement limited).

DNA testing stud sires for resistance to footrot for 8 years and for MyoMAX means

All rams will have at least one copy of Myo MAX high meat yielding gene.

40% are MyoMAX Gold with two copies

Footrot resistance; All rams are likely to be 2,3, or better. Note 5,5, is least resistant; NFSale
